Dear Property Owner(s),

## **Re: Township of Spallumcheen Water Metering Program Update**

The Township of Spallumcheen received \$3.1 million dollars in grant funding from the Provincial Government and Investing in Canada Infrastructure Program (ICIP #2) to undertake water infrastructure improvement projects. Part of that funding will support the installation of remote read water meters. The installation of these meters will begin this fall.

As part of the preparation for installations, you may see Township of Spallumcheen crews on your property and around your area locating water shut offs, checking water pressure and other general locating activities. This work should have no impact on your water supply. Residents will also start seeing our contractor KTI Limited in the area to complete the meter installs. KTI will be sending out information in the coming weeks about what to expect with the meter installation and how they will identify themselves to Spallumcheen residents. Information will also be provided on the Township website.

In the fall, when the program commences, if you have a meter located inside your home, you will also be receiving information about scheduling an appointment with the meter installers.

The Township will be hosting an information meeting for residents of the Larkin and Eagle Rock Local Area Services on Wednesday October 4, 2023 from 4:30 – 6:00 pm. This will be an opportunity to come and find out more about the meter program and ask any questions of staff and Council that you may have.

The Township will also be hosting a community wide Water Open House on October 18<sup>th</sup>, 2023 between 4:00 – 6:00 pm, which will provide information on many of the water upgrade projects underway. Representatives from the Township and KTI will be on hand to answer any questions you may have.

Please contact the Township if you have any questions about the water meter installation process. We look forward to your support and the completion of this important project.

Respectfully,

A handwritten signature in blue ink that reads "Tyler McNeill".
