

## YOU'RE INVITED!

### Open House on Water Utility Service Improvements Tuesday, October 17, 2023 “ from 4 – 6 p.m.

The Township is committed to sustainably delivering services to its community members by managing its infrastructure and planning ahead for updates and replacements. The Township is currently undertaking many water infrastructure upgrades. Water meters are one of the essential components of the municipal water system. The metering program and upgrades to technology enables customers to better understand their water usage, conserve water, save money, and reduce the need for manual meter readers.

**Community members are invited to attend a public open house to learn more about the Water System Upgrades including Water Meters on Tuesday, October 17 from 4 to 6 p.m.**

Installation of the meters will begin in October 2023 at no cost to property owners. Residents of the areas receiving the upgraded meters will receive direct mail letters from KTI Utility Services and the Township with further information about the process.
